LETTER OF RECOMMENDATION

Mr. Muhammad Kashif is my student in **BSCS (4 years)** program. I found him hard working and honest to his studies. I taught him course of "**Software & Project Management**". He has always shown deference and behaved decently with his teachers.

Mr. Muhammad Kashif is interested in strengthening his academic proficiency by pursuing his higher studies. I do not feel any hesitation in stating that he can perform well in research field if he gets a proper platform. That is why I recommend him for higher studies in abroad.

Waqas Zaki
